DIALOGUE PARTNERS CONSULTATION

- Discussing on the selected legal instruments and the priority electronic documents (ASEAN-China)

- Planning the test exchange of e-CO AJCEP (ASEAN-Japan)

- Preparing the study on the e-CO exchange Platform (ASEAN-Republic of Korea)

- Seeking the possible Legal and Technical Cooperation (ASEAN-USA)

CHALLENGES AND RESOLUTIONS

Regulation

- Allow the option of applying Hardcopy
- Proceed the e-Document with trader consent

Possible Solution

- Consider forcing the use of electronic document
- Reach out the clear understanding of data sharing

Technology

- Unsteadily transmit data by the recipient
- Incorrectly process the receiving data

Possible Solution

- Intensively monitor and cope with the issues
- Sustainably address the issue of data processing and display

Cooperation

- Loosely collaborate on the system enhancement
- Insufficiently attend to the negative impact of the system

Possible Solution

- Find out and assist in solving the root causes
- Increase awareness of system reliability

NEXT STEPS

―――

- Yearly outreach public for feedback and better practices

- Bilateral initiative for utilizing the e-Documents among the business

- Moving to the exchange of e-SPS which is the global trend

- Stepping up to the full electronic procedures of ATIGA e-Form D
